

GAMM2025

Tuesday 8 April 2025

MS01: Hybrid algorithms by combining machine learning with multilevel and domain decomposition methods: MS01.01 -
Room 1 (14:00 - 16:00)

-Conveners: Alena Kopanicakova; Janine Weber

time	[id] title	presenter
14:00	[696] Divide, Learn, and Conquer in Image Classification	KLAWONN, Axel
14:30	[697] Additively Preconditioned Trust Region Strategies for Machine Learning	KRAUSE, Rolf
15:00	[698] Domain Decomposition for Randomized Neural Networks	HEINLEIN, Alexander
15:30	[699] Multilevel and parallel approaches to enhance the training of Transformers	BENASCO, Marc Salvadó
