

BioEM 2025

Wednesday 25 June 2025

Oral Session 5: Exploring Techniques and Applications in ELF Dosimetry I - La Nef (09:30 - 10:30)

-Conveners: Giulia Sacco; Myles Capstick

time	[id] title	presenter
09:30	[305] Assessment of Non-Invasive Brain Stimulation Safety in the Presence of Implanted Electrodes	CAPSTICK, Myles
09:45	[306] Electromagnetic compatibility: modelling of the induced voltage on a pacemaker bipolar lead	HAMMEN, Lucien
10:00	[307] Magnetic resonance imaging of the brain: impact of heterogenous head model on the analytical design of high permittivity materials	RUELLO, Giuseppe
10:15	[308] General Circuit Model for Electrode Contact Impedance for Transcranial and Other Electrical Stimulations	KARINA, Cindy
